CC5 – INFORMATION MANAGEMENT

Laboratory Exercise #2
Business Scenario

NAME: Abenes, Enrico; Autor, Flix Niño; & Lacanaria, Mark Gester   **DATE:** 09-21-2024

CODE/SCHEDULE: CC5-2I, 12:50pm – 2:10pm

EXERCISES:

1. Student may utilize LucidChart or Drawio in creating their Entity Relationship Diagram
2. Create an ERD based on the given business scenarios:
   - Each employee reports to a department – for example, accounting, sales, or development.
   - We need to know the department responsible for each employee and the location of the department.
   - Each department has a unique number. Some of the employees are managers. We need to know each employee's manager.
   - We need to know all employees under each manager.
3. Define the possible entities and list their possible attributes

ERD DIAGRAMS:
